

Logging In

Desktop Logon

All user and server details shown are examples only. You will need to insert your own values in order to make a successful connection to your server.

To Logon from your desktop, select your server from the drop-down menu.

Enter your [User-ID](#) and [Password](#).

Check No MD5 if using Active Domain Integration.

If you have been assigned [One Time Password](#) and have not yet activated it, follow the instructions at

If you have been assigned [One Time Password](#) and have activated it, enter the code from your authenticator app.

Click OK to login.

Logon

Connection to this TapeTrack Server is restricted to authorized users only.
Please select your TapeTrack Server and enter your credentials.
All access attempts and successful connections will be recorded.

Server: Local

Select a Server or click the button above to add a new Server.

User-ID or Email: jdoe

Password:

One-Time Passcode: 411873

☐ No MD5 (required for Active Directory authentication)

☒ Save User History

OK Cancel

Login Errors

Select server from drop-down list or add new server address if not present.

Enter user ID and password, remembering that they are case sensitive.

Check **No MD5** if logging in using Windows Active Directory.

Click OK to login.
