

Server Information

The Server Information Window displays details of the server and the current connection.

To open the Server Information window select, from the main menu, File → Server Information.

Server Information Window

The screenshot shows a window titled "Server Information" with a close button in the top right. At the top center is a blue globe icon with a network cable plugged into it. Below this are four panels:

- Server Details:**

Owner	GazillaByte
Description	Production
Version	Monday, June 15, 2020 - 16:31:16
- Server Runtime Details:**

Process-ID	1580
Current Time	Thursday, July 02, 2020 - 12:07:24
Start Time	Monday, June 29, 2020 - 14:58:27
Uptime	2 Days, 21 hours, 8 minutes 57 seconds
- Current User Information:**

User-ID	tapemaster
User Name	Super User
User E-Mail	
- Server Details:**

Requests	72		
Bytes Sent	11,924	Compression	69,184
