

Server Information

The Server Information Window displays details of the server and the current connection.

To open the Server Information window select, from the main menu, File → Server Information.

Server Information Window

The screenshot shows a window titled "Server Information" with a close button in the top right corner. Below the title bar is a header area containing a blue globe icon with a server rack inside. The main content is divided into four panels:

- Server Details:** Owner: GazillaByte, Description: Production, Version: Monday, June 15, 2020 - 16:31:16
- Server Runtime Details:** Process-ID: 1580, Current Time: Thursday, July 02, 2020 - 12:07:24, Start Time: Monday, June 29, 2020 - 14:58:27, Uptime: 2 Days, 21 hours, 8 minutes 57 seconds
- Current User Information:** User-ID: tapemaster, User Name: Super User, User E-Mail: (empty)
- Server Details (Performance):** Requests: 72, Bytes Sent: 11,924, Bytes Received: 2,112, Compression: 69,184 (with a green progress bar), 569 (with a green progress bar).

An "OK" button is located at the bottom right of the window.
