2025/12/01 14:07 1/4 TMSS10PasswordResetDB

TMSS10PasswordResetDB

Synopsis

TMSS10PasswordReset [-i] [-h database directory] [-p new password] [-u user for reset]

Description

Allows a user with administrative rights to reset a users password and restore user access when access has been revoked due to multiple consecutive failed login attempts.

Options

- -h Database home directory (default location C:\Program Files\TapeTrack\TapeTrack Framework Server\var\db).
- -i interactive mode true.
- -p New password value.
- - u User to reset.

Notes

To execute TMSS10PasswordResetDB automatically in interactive mode, run ResetPassword.bat from the TapeTrack install directory TapeTrack\TapeTrack Framework Server\script.

On execution of ResetPassword.bat you will be presented with a Command Prompt window asking you if you wish to proceed, press any key to continue or press Ctrl+C (or close window) to exit script before any changes are made.

```
C:\WINDOWS\system32\cmd.exe

"***WARNING: This script will reset a TapeTrack User Password (unconditionally)"

" If you don't want to do this might be time to Control-C now!"

Press any key to continue . . .
```

Continuing the script will open a further Command Prompt and you will be asked to input User (User-ID) to reset the password for. Entering EXIT instead of a User-ID will exit the script without making any changes.

Enter Password value for the User and hit Enter on the keyboard. Entering EXIT instead of a Password will exit the script without making any changes.

```
□ C:\Program Files\TapeTrack\TapeTrack\Framework Server\bin\tapetrack\TMSS10PasswordResetDB.exe

ZBT001N-12:17:41 TMSS10PasswordResetDB (c) GazillaByte 1998-2019

ZBT002N-12:17:41 Compiled Mar 30 2019 at 18:17:57

ZBT010I-12:17:41 this program will reset the password of a User

ZBT006N-12:17:41 Running Under Windows 10 (build 17134 10.00) on platform x64

ZBT006N-12:17:41 Host is Little Endian

ZBT000N-12:17:41 Host is ASCII

ZBT000N-12:17:41 Binary is 64 bit

ZBT000N-12:17:41 Current Working Directory is C:\Users\Scott\Desktop\GazillaByte\Code EZBT004N-12:17:41 Today is Wednesday, April 03, 2019

ZBT005N-12:17:41 Running on Laptop_Senior

ZBT006N-12:17:41 Process ID 15676

ZBT000N-12:17:41 Program options:

ZBT002N-12:17:41 Program Options:

ZBT002N-12:17:41 (h) Database Home Directory=C:\Program Files\TapeTrack\TapeTrack

ZBT002N-12:17:41 (i) Interactive=true

ZBT002N-12:17:41 (p) New Password=

ZBT002N-12:17:41 (u) User for reset=

ZBT002N-12:17:41 Arguments parsed and validated with 0 errors

Please enter a value for UserID (or EXII): username

Please enter a value for Password (or EXII): password
```

User name and Password values shown are for illustration only. Replace with your required values.

Ensure you enter the User-ID correctly as the script will execute with any values but will not update the database if no matching User-ID is found.

Technical Support

The TapeTrack Software is commercially supported by a full time help desk staff. If you are experiencing problems or want some advice on how to configure or use the product please see the Accessing Technical Support page.
