2025/10/17 08:46 1/1 Billing and Charge-back

Billing and Charge-back

TapeTrack has a powerful billing and charge-back engine.

The engine is comprised of:

- 1. A billing extract module.
- 2. A billing calculation module.
- 3. Third-party interfaces such as the TapeTrack Quickbooks Interface.

The Extract Module

The purpose of the Billing Extract module TMSS10LogStatsExtractDB is to read through the TapeTrack history tables and create a billing extract file for each of the TapeTrack Customers that correspond to the requested date range.
