

# Every 2nd Wednesday of the month

First of all check and confirm that the properties of the required [Repositories](#) have had the Force Simple Management option set to True, and the Next Repository option is set to the [Repository](#) as per the intended rule.

Select the Simple Management tab above the Inventory window to the right of the Customer tree view. Right-click and select Add.

This will open the Edit New Simple Management window and display the Identity tab. On this tab enter an appropriate description into the Description field. In this example 'Return 2nd Wednesday' has been entered.

The screenshot shows a dialog box titled "Edit Simple Management Rule: Return 2nd Wednesday". It has three tabs: "Identity", "Options", and "Calculations". The "Identity" tab is selected. Inside the dialog, there is a section labeled "Index/Description" with the following fields:

- Customer-ID: JT01 (with a dropdown menu showing "JT Test Customer 01")
- Index: 1
- Description: Return 2nd Wednesday

Below this section is a collapsed "Update Statistics" section. At the bottom of the dialog are three buttons: "Save", "Cancel", and "Help".

Next select the Options tab, and set the following.

- Expand the Exclusion Days and set to True for Wednesday.
- Set Movement Direction from sending repository (SITE) to receiving repository (OFFS).
- Set Volume Attributes, Media-ID Filter to your required media or container ID, (We have used CTNR in this example).
- Set Volume Attributes, [Volume-ID](#) Filter to \*, (The wildcard will select all [Volume-ID's](#)).

The screenshot shows a dialog box titled "Edit Simple Management Rule: Return 2nd Wednesday". It has three tabs: "Identity", "Options", and "Calculations". The "Identity" tab is active and contains the following settings:

Active	True
Restore	False
<b>Scope</b>	
<b>Exclusion Days</b>	
Sunday	False
Monday	False
Tuesday	False
Wednesday	True
Thursday	False
Friday	False
Saturday	False
<b>Movement Direction</b>	
From Repository Filter	SITE
To Repository Filter	OFFS
<b>Volume Attributes</b>	
Media-ID Filter	CTNR
Volume-ID Filter	*
DataCluster	<No Selection>

At the bottom of the dialog are three buttons: "Save", "Cancel", and "Help".

Next select the Calculations tab, and set the following.

- Change Rule Type to Day and/or Month.
- For Rule Options set Days of week to Wednesday.
- For Rule Options set Of to The 2nd week of the month.
- Expand Advanced and under Adjustments set Then adjust to to Previous and Adjustment day to Wednesday.
