

Every 2nd Wednesday of the month

First of all check and confirm that the properties of the required [Repositories](#) have had the Force Simple Management option set to True, and the Next Repository option is set to the [Repository](#) as per the intended rule.

Select the Simple Management tab above the Inventory window to the right of the Customer tree view. Right-click and select Add.

This will open the Edit New Simple Management window and display the Identity tab. On this tab enter an appropriate description into the Description field. In this example 'Return 2nd Wednesday' has been entered.

The screenshot shows a dialog box titled "Edit Simple Management Rule: Return 2nd Wednesday". At the top, there are three tabs: "Identity", "Options", and "Calculations". The "Identity" tab is selected. Below the tabs, there is a section labeled "Index/Description" containing three fields: "Customer-ID" with the value "JT01" and a dropdown menu showing "JT Test Customer 01"; "Index" with the value "1"; and "Description" with the text "Return 2nd Wednesday". Below this section is a collapsed section labeled "Update Statistics". At the bottom of the dialog box, there are three buttons: "Save", "Cancel", and "Help".

Next select the Options tab, and set the following.

- Expand the Exclusion Days and set to True for Wednesday.
- Set Movement Direction from sending repository (SITE) to receiving repository (OFFS).
- Set Volume Attributes, Media-ID Filter to your required media or container ID, (We have used CTNR in this example).
- Set Volume Attributes, [Volume-ID](#) Filter to *, (The wildcard will select all [Volume-ID's](#)).
