Adding a Restore Previous Date Simple Management Rule to a Repository will maintain the Next Move Date currently applied to the Volumes when moved to the Target Repository.

Creating The Rule

Select the required Customer and Media Type so that the Inventory is displayed in TapeMaster.

Select the Simple Management tab, right click and select Add.

Identity Tab

Add a description that matches the function or purpose of the rule.

| Save Cancel Help | | | | | | |

Options Tab

Add in filter values to limit the rule only functioning on the required Volumes.

In this example the target is LTO Volumes moving from TRAN to OFFS.

Save Rule

Click Save to commit the Simple Management Rule.

Enabling Simple Management Rule For Repository

Return to the Inventory tab.

Right-click on the Target Repository and select Properties.

Select the Options tab.

Set the option Force Simple Management to True and click Save to update.
