

# TapeMaster GUI

The TapeMaster GUI is divided into five main zones, main menu, customer filter, customer tree, inventory and associated tabs and status bar.

## Main Menu

The [Main Menu](#) provides access to essential functions in TapeTrack including server connections, volume management, reporting and users.

## Customer Filter

The [Customer filter](#) allows you to filter the customer list to display only customers whose Customer ID's meet the filter criteria.

Customers can also be searched by customer description by using the [Find Customer](#) function

## Customer Tree

The [Customer Tree](#) provides a summary of and navigation to all of the Customers, [Media Types](#), and

Volumes on the selected Server.

These Objects appear in a hierarchy of [Server Node](#), [Customer Nodes](#) and [Media Nodes](#).

## Administrative Tabs

The screenshot shows the TapeTrack DayToday GUI interface. The top navigation bar includes links for Inventory, DR Strategies, Data Clusters, Simple Management, and Uploaded Files. The main content area is divided into two tabs: **Volumes** and **Repositories**.

**Volumes Tab:** This tab is currently active, showing a list of volumes for the "Nashville Data Center" under the "LTO Cartridge" scope. The list includes 11 records, each with an ID, current location, target location, flags, move type, due date, container, next move date, and a description. The descriptions indicate a weekly backup schedule (Monday through Sunday).

ID	Current Loca...	Target Loca...	Flags	Move T...	Due in	Container	Next M...	Description
000001	Library	CnN			Unspec...	Unspec...	Perma...	Monday Backup
000002	Library	CnN			Unspec...	Unspec...	Perma...	Tuesday Backup

000011	Offsite Va...	Cn0t			Unspec...	Unspec...	Perma...	

**Volume List Properties:** A panel on the left showing volume statistics: Scope (Customer Media), Target (Nashville Data Center, LTO Cartridge), List Options (List Options, Hide un-selected, Date Format, Attribute Field), Library Health (Score 30, Health Critical), and Library Statistics (Library, Offsite Vault).

**Volume Inventory:** A summary section indicating 11 records found.

**Repositories Tab:** This tab shows icons for Initial Repository, Library, Next Repository, Offsite Vault, and Home Repository.

**Repositories:** A summary section indicating 5 repositories found.

## Status Bar

The **Status Bar** displays information about the [Framework Server](#) currently connected to, the current status of your [TapeTrack Server license](#) and a clickable link to access [Free TapeTrack Support](#)
