### Main Menu

The Main Menu provides access to essential functions in TapeTrack including server connections, volume management, reporting and users.

## **Customer Filter**

The Customer filter allows you to filter the customer list to display only customers whose Customer ID's meet the filter criteria.

Customers can also be searched by customer description by using the Find Customer function

### **Customer Tree**

The Customer Tree provides a summary of and navigation to all of the Customers, Media Types, and

Volumes on the selected Server.

These Objects appear in a hierarchy of Server Node, Customer Nodes and Media Nodes.
