# TapeMaster GUI

The TapeMaster GUI is divided into five main zones, main menu, customer filter, customer tree, inventory and associated tabs and status bar.

☐ TapeTrack TapeMaster <sup>™</sup>		-	×
File Administration Favorites Tools Vi	ew Help Main Menu		
Customer Filter	Customer Filter		
	📓 Inventory 🔘 DR Strategies 👍 Data Clusters 🔯 Simple Management 🔄 Uploaded Files		
	Volumes		
Customer Tree	Administrative Tabs		
	Repositories		*
	Status Bar		

## Main Menu

The Main Menu provides access to essential functions in TapeTrack including server connections, volume management, reporting and users.

## **Customer Filter**

The Customer filter allows you to filter the customer list to display only customers whose Customer-ID's meet the filter criteria.

Customers can also be searched by customer description by using the Find Customer function.

## **Customer Tree**

The Customer Tree provides a summary of and navigation to all of the Customers, Media Types, and

Volumes on the selected Server.

These Objects appear in a hierarchy of Server Node, Customer Nodes and Media Nodes.

#### **Administrative Tabs**

The Administrative tabs is the main access point for volume management within the TapeMaster GUI.

There are five tabs (plus one optional) and the Volume List properties (optional display) to display various information and functions. These tabs are:

- Inventory
- DR Strategies
- Data Clusters
- Simple Management
- Uploaded File
- Consignments

The highest use tab in the Administrative tabs is the Inventory tab. From here you can view where your volumes are, or a moving to, volume move dates, descriptions (and other Attributes), view library health statistics as well as create reports.
