TapeTrack TapeMaster

TapeTrack TapeMaster is the administration and power-user interface to TapeTrack.

It provides the following functions:

- Full administration of the TapeTrack Framework Server.
- Advanced Reporting capabilities.
- Drag and Drop functionality.

Supported Platforms

• Windows XP and above.

Technical Support

TapeTrack Software is commercially supported by a full time help desk staff.

If you are experiencing problems or want some advice on how to configure or use the product, please see the Accessing Technical Support page.

Installation

Installing

- 1. System Requirements
- 2. Downloading the software
- 3. What will be installed
- 4. Installing the software
- 5. Firewall Requirements

Testing the installation

When the product is installed you will see a TapeTrack TapeMaster icon on the Windows Desktop and shortcuts to TapeTrack TapeMaster in the Windows Start Menu.

To test that the program has been installed correctly, double-click on either the Desktop or Start Menu shortcut. No updates will be performed by simply starting the program.

Users Guide

- Getting Started (the minimum setup to use the product).
- Advanced Setup (the other bits you might need to know to setup in your environment).
- Day to day Usage (the things you should know to get the job done efficiently).
