### **TapeTrack TapeMaster**

TapeTrack TapeMaster is the administration and power-user interface to TapeTrack.

It provides the following functions:

- Full administration of the TapeTrack Framework Server.
- Advanced Reporting capabilities.
- Drag and Drop functionality.

## **Supported Platforms**

Windows XP and above.

#### **Technical Support**

TapeTrack Software is commercially supported by a full time help desk staff.

If you are experiencing problems or want some advice on how to configure or use the product, please see the Accessing Technical Support page.

## Installation

#### Installing

- 1. System Requirements
- 2. Downloading the software
- 3. What will be installed
- 4. Installing the software
- 5. Firewall Requirements

#### Testing the installation

When the product is installed you will see a TapeTrack TapeMaster icon on the Windows Desktop and shortcuts to TapeTrack TapeMaster in the Windows Start Menu.

To test that the program has been installed correctly, double-click on either the Desktop or Start Menu shortcut. No updates will be performed by simply starting the program.

# **Users Guide**

- Getting Started (the minimum setup to use the product).
- Advanced Setup (the other bits you might need to know to setup in your environment).
- Day to day Usage (the things you should know to get the job done efficiently).
