

WriteMsg

Write a message to the STDERR.

Phase

This instruction is used by the TapeTrack INI Engine.

Syntax

```
WriteMsg(message);
```

| Variable | Type | Description | Min Length | Max Length | |
|----------|------|-------------|---|------------|-----|
| message | | String | The message to be written to the stderr during INI Engine processing. | 1 | 256 |

Example

Write a message to the current user.

```
WriteMsg("Report compiled by %USERNAME.");
```

```
import engine, sync engine
```
