

Users Guide

Selecting Users Guide will open up documentation to help guide you through TapeTrack Lite tasks and functions.

Select Users Guide

Once you have logged into TapeTrack Lite, select "Users Guide" from the Library Management Tasks drop-down menu.

Users Guide option is hidden by default. Edit TMSSLite.cfg file, change Guide to false and restart TapeTrack Lite.

Select from the links available to access the information required.

The screenshot shows a web browser window with the URL rtfm.tapetrack.com/desktop/lite. The page is titled "TapeTrack Documentation" with the tagline "Because there is more to tape management than you ever realized". A search bar and navigation links for "Recent Changes", "Media Manager", and "Sitemap" are visible. The main content area is titled "TapeTrack Lite" and describes it as a Windows Wizard for tape management. Below this is a "Supported Platforms" section listing "Windows XP and above." and a "Technical Support" section. A "Table of Contents" sidebar on the right lists links to various sections. At the bottom, a "Welcome to TapeTrack Lite™" window is shown, featuring an introduction and a description of the software's capabilities.

TapeTrack Lite

TapeTrack Lite is a Windows Wizard that guides users with a minimal number of tapes through the process of sending tapes off-site and scanning them back in when they return.

Supported Platforms

- Windows XP and above.

Technical Support

The TapeTrack Software is commercially supported by a full time help desk staff. If you are experiencing problems or want some advice on how to configure or use the product please see the [Accessing Technical Support](#) page.

TapeTrack Security

TapeTrack Software is created with security always in mind. For further details on how TapeTrack is designed, please see the [TapeTrack Security](#) section.
