Overview

2025/04/05 20:03

The User Administration is the main maintenance terminal for managing TapeTrack Users.

User Administration

To open the User Administration panel, select Administration \rightarrow Group/User Administration from the menu.

| ImageTrack TapeMaster™ (GazillaByte LLC) | | | | | | | | |

A User's name, Password (will update but will not display), e-mail, and description can be edited by left-clicking in the corresponding fields in the User Administration window.

Right-Click Operations

Right-clicking in the User Administration window provides several options for User Management. These include:

- Add: Begins the process to Add a New User.
- **Delete**: Deletes the selected User.
- **Edit**: Allows for the copying and pasting of "Access Attributes" or a User's permissions. This includes reading, writing, or altering permissions for selected Customers, as well as tapemaster rights or Server Administrator rights.
- **Export**: Exports the selected list of Users to an XML document.
- **Invert Selection**: Selects items in the list that are not selected and deselects items that are selected.
- Print: Provides options to print a document of the selected Users or of all Users.
- **Properties**: Launches the Edit User Window.
- Select All: Selects all Users on the List.
- Validate Email Addresses: Checks the MX Record of the e-mail domains for the selected Users.

| 🕙 🙎 Users 🥵 Groups 📅 Active Directory Associations | | | | | | |
|--|--------------------------|--------|----------------|-----------------|-----------------|--|
| Jser-ID | Name | Status | Group | Role | Password | |

| 2 | Add | | Default | 0: | | |
| 2 | Delete | | Default | 0: | | |
| 2 | Edit | > | | | | |
| 2 | Export | > | Default | 0: | | |
| | Invert Selection | | | | | |
| | Print | > | | | | |
| | Properties | | | | | |
| | Select All | | | | | |
| | Validate Email Addresses | | | | | |

Group Administration

The Group Administration tab in the User/Group Administration window in the Administration Menu allows for the creation and maintenance of User Groups.
