

# Creating A Zone

Setting up a zone's parameters allows TapeTrack to give you the specific zone, shelf and slot address to efficiently store and pick volumes.

## Creating A Zone

From the menu click Administration→Zone Administration.

Right click in the main window and select Add.

In the Identity tab add:

- Zone ID
- Zone description
- Total number of slots

- Number of slots per row
- Customer filter (optional)

### New Zone

## Slotting

Slotting can be done manually or automatically. For more information, see [Slotting](#).
