

Find Customer

String searches may be executed against the Customer tree to quickly find a Customer-ID or description.

From the main menu select Tools → Find Customer or press the keyboard shortcut F3.

In the popup, enter the search term to match either the Customer-ID or description and click Find Next. [Pattern matching](#) may be used to enter partial Strings or multiple search terms.

As matches are made against the search criteria, Customer-ID and description will be highlighted in blue on the [customer tree](#).

The screenshot shows the TapeTrack TapeMaster™ interface for GazillaByte LLC. The left sidebar displays a tree view of data centers: US02 - Los Angeles Data Center (326/5), US01 - New York Data Center (2,288/724) (highlighted), 359X - IBM 359x Cartridge (2,069/718), CONT - Media Containers (5/0), LTO - LTO Cartridge (214/6), and US03 - North Carolina Data Center (123/0). The main panel shows a 'Volumes' table with columns for ID, Current Location, and Target Location. The table contains five rows of data, all with 'Offsite Vault' as the current location.

ID	Current Location	Target Location
000000L5	Offsite Vault [000001]	
000001L5	Offsite Vault [000002]	
000002L5	Offsite Vault [000003]	
000003L5	Offsite Vault [000004]	
000004L5	Offsite Vault [000005]
