

Find Customer

String searches may be executed against the Customer tree to quickly find a Customer ID or description.

From the main menu select Tools → Find Customer or press the keyboard shortcut F3.

In the popup, enter the search term to match either the customer ID or description and click Find Next. [Pattern matching](#) may be used to enter partial strings or multiple search terms.

As matches are made against the search criteria, Customer ID and description will be highlighted in blue on the customer tree.

The screenshot shows the TapeTrack TapeMaster™ (GazillaByte LLC) interface. At the top, there is a menu with 'File', 'Administration', 'Favorites', 'Tools', 'View', and 'Help'. Below the menu is a 'Customer Filter' input field. The main area is divided into two panes. The left pane shows a tree view of the hierarchy: 'GazillaByte LLC - Production (2,737/729)' is the root, with sub-items 'US02 - Los Angeles Data Center (326/5)', 'US01 - New York Data Center (2,288/724)', and 'US03 - North Carolina Data Center (123/0)'. Under 'US01', there are further sub-items: '359X - IBM 359x Cartridge (2,069/718)', 'CONT - Media Containers (5/0)', and 'LTO - LTO Cartridge (214/6)'. The right pane has tabs for 'Inventory', 'DR Strategies', 'Data Clusters', and 'Simple'. Below the tabs is a 'Volumes' table with columns for 'ID', 'Current Location', and 'Target Location'. Each column has a search filter input. The table contains several rows of data, all with 'Offsite Vault' as the current location.

ID	Current Location	Target Location
000000L5	Offsite Vault [000001]	
000001L5	Offsite Vault [000002]	
000002L5	Offsite Vault [000003]	
000003L5	Offsite Vault [000004]	
000004L5	Offsite Vault [000005]	
000005L5	Offsite Vault [000006]
