

Permanent License

A permanent license key will allow you to operate the TapeTrack software until the expiry date associated with your license occurs.

Permanent license/s to TapeTrack are restricted to those who have a written End User License Agreement (EULA) with GazillaByte.

The process of upgrading to or extending a full license involves:

- Altering the license values using TapeMaster (If upgrading from a new installation)
- Exporting the updated license file to GazillaByte to have a new license key cut
- Installing the new license config file (when received) containing your new license key.

It might take a few hours to get a new permanent license. If you need a license quickly, please follow the [Temporary License Instructions](#).

Obtaining Or Extending A Permanent License

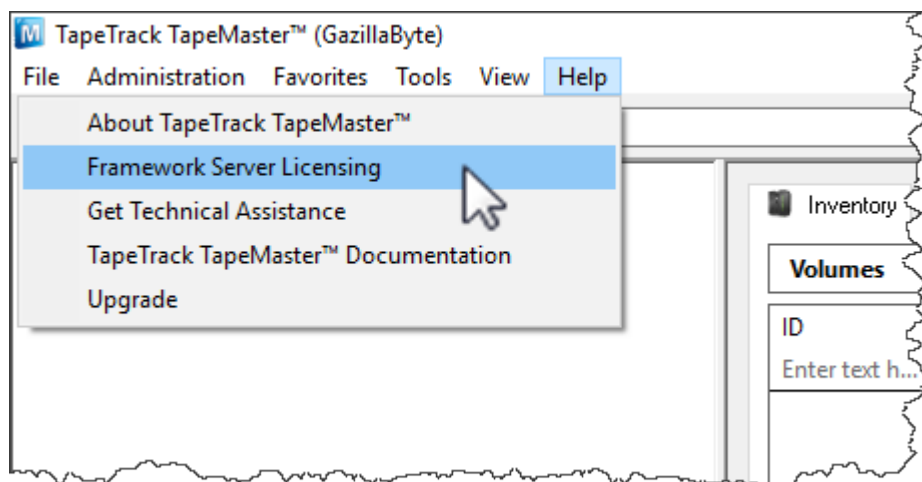

If you are upgrading from a free license directly to a permanent license follow the instructions in the [trial license](#) section, making sure you enter the correct expiry date and not a 90 day expiry date.

If extending the expiry date on an already permanent license or upgrading from a 90 day license:

Open TapeTrack TapeMaster and login with the user name **tapemaster** (case sensitive) and leave password blank (or use your current tapemaster password if it has been changed) or current user with tapemaster rights.

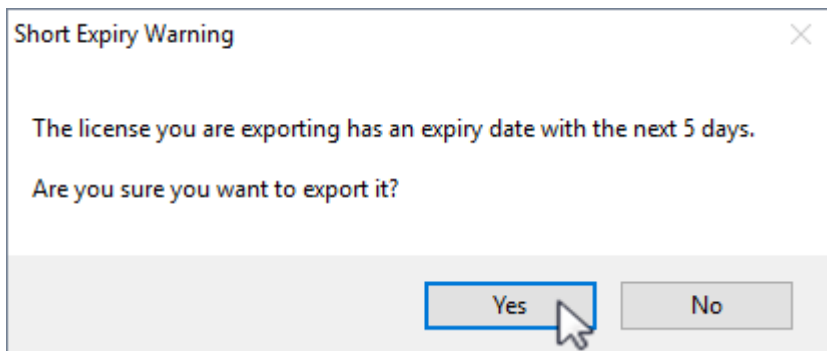

From the menu click Help → Framework Server Licensing.

To preserve current license values, click **Export license to a file** and save the file with a descriptive name (e.g.current_license.cfg).

If you are close to your expiry date you will receive a warning about a short expiry date, click **Yes** to continue.

Change the expiry date to the new end date (1) and click **Apply license changes** (2) and **Export license to file**(3), this time saving under a different name (e.g. license_export.cfg).

To reinstate current license, click `Import license from a file` and select the first file exported (e.g. `current_license.cfg`).

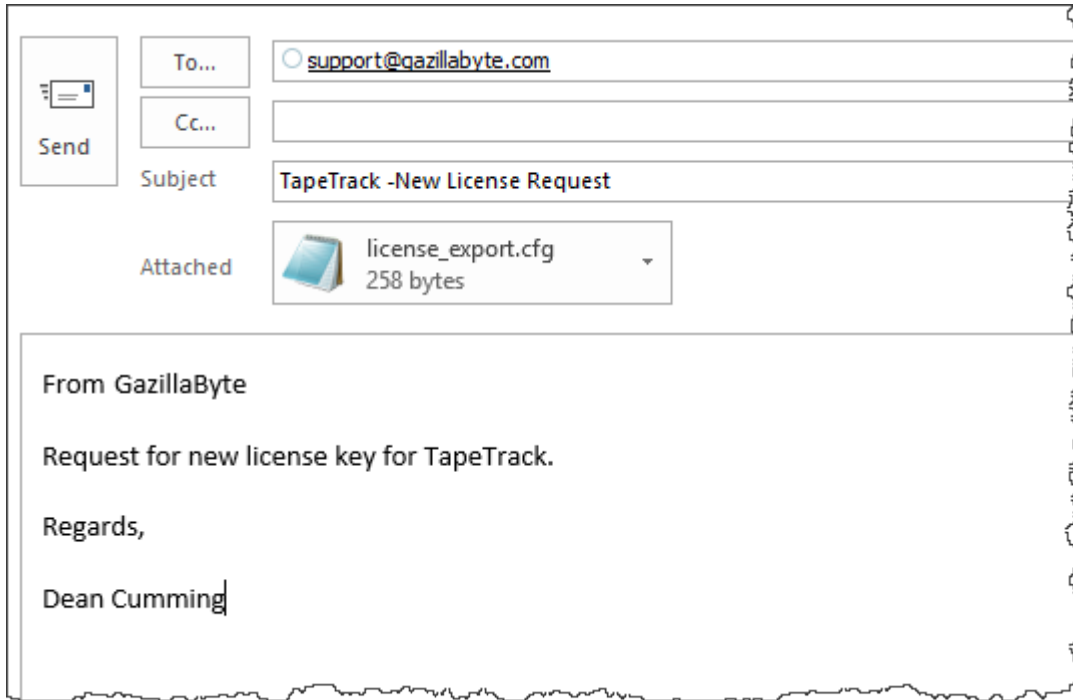

Click `Apply license changes` to reinstate your current license values.

 If you have left this process until after your license has expired, rather than import your current license file, clicking `Get temporary license` will give a 12 day license to enable you to keep using TapeTrack until your new key is applied.

Click `OK(4)` to exit TapeTrack License window.

Forward the exported file (with new expiry date) to support@gazillabyte.com with a subject indicating that you require a new license key.

Once a new key has been cut you will receive a new license configuration file with instructions for installation.
