

Logon

When you execute TapeTrack TapeMaster you will be presented with a splash screen for a short time and then the login window. If TapeMaster is already open, to open the login window select, from the main menu, File → Login.

Desktop Logon

All user and server details shown are examples only. You will need to insert your own values in order to make a successful connection to your server.

To Logon from your desktop, select your server from the drop-down menu.

Enter your [User-ID](#) and [Password](#).

Check No MD5 if using Active Domain Integration.

If you have been assigned [One Time Password](#) and have not yet activated it, follow the instructions at

If you have been assigned [One Time Password](#) and have activated it, enter the code from your authenticator app.

Click OK to login.

Logon
