2025/12/01 08:05 1/1 Assigning Zones

Overview

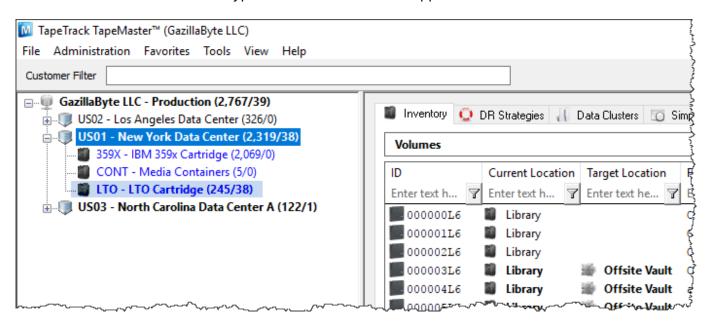

A Zone is a specific location where Volumes can be Slotted. Most commonly, Zones are shelving units, cabinets, or high-density storage drawers.

You must create a zone before it can be applied to a repository.

Associating a Zone with a Repository

Once Zones are set in Zone Administration, they must be added to the appropriate Repository.

Select the Customer and Media type that the zone/s will be applied to.
