

Modify Flags

To modify **Flags**, select the required **Volume/s** from Inventory list, right-click and select Special Operations → Modify → Flags to open the **Modify Flags** window.

Expand each **Flag** from the displayed list that you wish to modify and select Add, Remove or Toggle.

Each **Flag** value will display how many **Volumes** (out of the selected ones) currently have (set count) or have not (non-set count) that **Flag** applied.

Click Apply Updates to save and apply the changes.
