```
Volume History Table
```

The Volume History Table displays in a table format. Volumes are displayed in ID order by default.

Selecting Volumes for Display

Select all volumes by right-clicking in the inventory window and select Select \rightarrow All, or using shift+click and/or control+click select the range of tapes required.

Right click the selected volumes and click View→History.

Exporting Results

To export data, highlight required volumes, right-click and select Export (or press Ctrl+ E) to open **Export Type Selection**.

Select output format using the radio buttons, set checkbox Open file when export is complete and click OK.

Click the X in the top right of the window to close.
