

Show Built In Repositories

The [Media Option](#) Show Built In Repositories displays the [Built-In Repositories](#).

Built-In Repositories often do not exist as locations, but they use settings in the Options Tab of the Volume Properties Window to dictate movements.

The screenshot shows the 'Edit Media: LTO Cartridge (6/0)' dialog box with the 'Options' tab selected. The 'Show Built In Repositories' option is highlighted in blue, and its dropdown menu is open, showing 'True' selected. The other options in the list are:

Option	Value
Hide Media Type	False
Internal	False
Maximum Volumes	0
Maximum Repositories	0
Allowable Volume-IDs	
Default Media Type	False
Auto Simple Management	False
Auto Container	False
Stock Controlled	False
Auto Stock Selection	False
Relaxed Barcode Matching	False
No Move-back Warning	False
Lock Volumes	False
No HealthCheck	False
Show Built In Repositories	True
Remove barcode suffix	False
Barcodes use Modulo43	False
Default Repository	Library

At the bottom of the dialog box, there is a section titled 'Show Built In Repositories' with the description 'Include Built In Repositories in Repository Lists'. Below this section are three buttons: 'Save', 'Cancel', and 'Help'.

Options

- True: Displays the [Built-In Repositories](#).
- False: Hides the [Built-In Repositories](#).
