

Show Built In Repositories

The [Media Option](#) Show Built In Repositories displays the [Built-In Repositories](#).

Built-In Repositories often do not exist as locations, but they use settings in the Options Tab of the Volume Properties Window to dictate movements.

The screenshot shows the 'Edit Media: LTO Cartridge (6/0)' dialog box with the 'Options' tab selected. The 'Show Built In Repositories' option is highlighted in blue, and its dropdown menu is open, showing 'True' selected. Below the list of options, there is a section titled 'Show Built In Repositories' with the text 'Include Built In Repositories in Repository Lists'. At the bottom of the dialog, there are 'Save', 'Cancel', and 'Help' buttons.
