Printing Zone Barcodes

2025/04/10 04:53

Zone barcodes can be printed from TapeTrack TapeMaster using the TapeTrack Barcode Printer.

Identify what zone ID barcodes required to print by right-clicking the repositories, in the respective customer media types, and select Properties and then the Zones tab.

In the Zone Administration window under the heading **Zone** is the Zone-ID number and Zone description (in the format number:description). Record these details and close the window by the X at the top right or using the Cancel button.

From the main menu, select Administration→Zone Administration.

From the displayed zones, select the required zones (range select Shift+Click, Control+Click).

Right-click the highlighted zones and select Print→Labels to pass the barcodes through to the TapeTrack Barcode Printer.

Editing Print Layout

Use the left window pane on the Barcode Printer to edit the print layout options to suit your requirements.

- Across: Number of barcodes to print across the page.
- Down: The number of barcodes to print down the page.
- Margins: Margins to be placed around the barcodes
 - Left: Left margin padding
 - Right: Right margin padding
 - Top: Top margin padding
 - Bottom: Bottom margin padding
- Appearance:
 - Separator Box: Adds a grey border around each Barcode to aid in separating individual Barcodes when manually cutting them out.
 - Preview Margins: Adds a preview of print boundaries to aid in confirming Barcode will print within a specified area.
 - QR Code: Adds a QR code to the Barcode label.
 - $\circ\,$ Include Human Readable: Adds text representation of Barcode to make it readable by Humans.
 - $\circ\,$ Font: Sets font for Human Readable content, does not alter Barcode.

Closing The Barcode Printer

2025/04/10 04:53

To close the Barcode Printer, from the Main Menu select File \rightarrow Exit or click the X at the top right of the window.
