# **Starting and Stopping the Service**

When performing tasks such as server maintenance it may be necessary to manually start and stop the TapeTrack Service.

## Windows

### **DOS Prompt**

From a DOS prompt started as Administrator you can run the following commands:

Microsoft Windows [Version 10.0.14393] (c) 2016 Microsoft Corporation. All rights reserved.

C:\WINDOWS\system32>net stop TMSS10SVC The TapeTrack Media Management Framework Server service is stopping. The TapeTrack Media Management Framework Server service was stopped successfully.

C:\WINDOWS\system32>net start TMSS10SVC The TapeTrack Media Management Framework Server service is starting. The TapeTrack Media Management Framework Server service was started successfully.
