Starting and Stopping the Service

When performing tasks such as server maintenance it may be necessary to manually start and stop the TapeTrack Service.

Windows

DOS Prompt

From a DOS prompt started as Administrator you can run the following commands:

net stop TMSS10svc to stop the server.

net start TMSS10svc to start the server.

```
C:\WINDOWS\system32>net stop TMSS10svc
The TapeTrack Media Management Framework Server service is stopping..
The TapeTrack Media Management Framework Server service was stopped successfully.

C:\WINDOWS\system32>net start TMSS10svc
The TapeTrack Media Management Framework Server service is starting.
The TapeTrack Media Management Framework Server service was started successfully.

C:\WINDOWS\system32>
```

Windows Service Manager

TapeTrack Server Helper

Run the TapeTrack Server Helper App and click the Start or Stop button in the **Server Control Section**.
