Starting and Stopping the Service

When performing tasks such as server maintenance it may be necessary to manually start and stop the TapeTrack Service.

Windows

DOS Prompt

From a DOS prompt started as Administrator you can run the following commands:

Microsoft Windows [Version 10.0.17134.523] (c) 2018 Microsoft Corporation. All rights reserved.

C:\WINDOWS\system32>net stop tmss10svc The TapeTrack Media Management Framework Server service is stopping..... The TapeTrack Media Management Framework Server service was stopped successfully.

C:\WINDOWS\system32>

net stop TMSS10svc to stop the server.

net start TMSS10svc to start the server.

Administrator: Command Prompt

```
C:\WINDOWS\system32>net stop TMSS10svc
The TapeTrack Media Management Framework Server service is stopping..
The TapeTrack Media Management Framework Server service was stopped successfully.
C:\WINDOWS\system32>net start TMSS10svc
The TapeTrack Media Management Framework Server service is starting.
The TapeTrack Media Management Framework Server service was started successfully.
C:\WINDOWS\system32>
```
