2025/12/01 12:09 1/2 Certificates and Certification

## **Certificates and Certification**

In TapeTrack, a **Certificate** is a digitally-generated form that indicates whether a Repository is performing adequately or not. Repositories can either receive a Certified status or a Refused status. Repositories gaining a Certificate Refused status have Audit Failures due to either surplus Volumes or deficit Volumes.

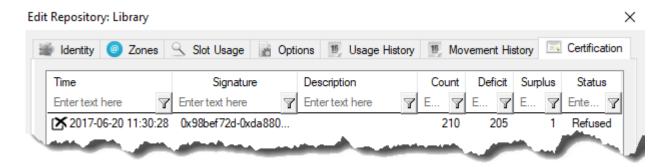

## **Generating Certificates**

Certificates can be generated by right-clicking on a Repository and selecting Generate Certificate.

## **Viewing Certificates**

Certificates can be viewed under the Certification Tab in the Repository Properties Window.
