Certificates and Certification

In TapeTrack, a **Certificate** is a digitally-generated form that indicates whether or not a Repository is performing adequately. Repositories can either receive a Certified status or a Refused status. Repositories gaining a Certificate Refused status have Audit Failures due to either surplus Volumes or deficit Volumes.

certificates that have previously been generated can be viewed on the Certificate tab.

Viewing Certificates

Certificates can be viewed under the `Certification Tab` in the Repository Properties Window.
