2025/12/01 11:36 1/2 Certificates and Certification

Certificates and Certification

In TapeTrack, a **Certificate** is a digitally-generated form that indicates whether or not a Repository is performing adequately. Repositories can either receive a Certified status or a Refused status. Repositories gaining a Certificate Refused status have Audit Failures due to either surplus Volumes or deficit Volumes.

certificates that have previously been generated can be viewed on the Certificate tab.

- **Time** displays the date and time the certificate was produced
 - o A tick indicates a successful certification
 - A cross indicates an unsuccessful certification
