

Certificates and Certification

In TapeTrack, a **Certificate** is a digitally-generated form that indicates whether or not a [Repository](#) is performing adequately. [Repositories](#) can either receive a Certified status or a Refused status. [Repositories](#) gaining a Certificate Refused status have Audit Failures due to either surplus [Volumes](#) or deficit [Volumes](#).

Certificates that have previously been [generated](#) are listed on the Certificate tab.

- **Time** displays the date and time the certificate was produced.
 - A tick indicates a successful certification.
 - A cross indicates an unsuccessful certification.
- **Signature** displays the certificates unique digital signature.
- **Description** displays the description (if any) of the certificate.
- **Count** displays the deficit count of volumes.

- **Deficit** displays the deficit count of volumes.
- **Surplus** displays the surplus count of volumes.
- **Status** displays certificate's certified or refused status.

Viewing Certificate

Right click on a certificate and select Properties, or double click to open the required certificate.

The top half of the certificate displays:

- **Certificate Properties**
 - **Customer**: Customer ID or Name
 - **Media**: Media ID or description
 - **Repository**: Repository ID or description
 - **Items**: Total number of volumes audited
 - **Deficit**: Number of volumes in deficit (not present but should be)
 - **Surplus**: Number of volumes in surplus (present but should not be)
- **Update Statistics**
 - **When**
 - **Date**
 - **Time**
 - **UTC Offset**
 - **Time at Source**
 - **Time Zone**
 - **From**
 - **Machine Name**
 - **Details**
 - **Connection Count**
 - **First Connection**
 - **Last Connection**
 - **Interface**
 - **Operating System**
 - **As**
 - **User-ID**
 - **User Name**

The bottom half of the certificate displays a list of the volume ID's in the certification audit and their status:

- **OK**: Present in the reconciliation and supposed to be.
- **Surplus**: Present in the reconciliation but not meant to be.
- **Deficit**: Not present in the reconciliation process but meant to be.
