

The Simple Management Subsystem

The Simple Management Subsystem can be used to automatically set the Next Move Date of a [Volume](#) at the point it is moved to a new Target [Repository](#).

This can be enabled at either a Target [Repository](#) level, or at an individual [Volume](#) level.

Calculations

The purpose of the calculations is to set the Next Move date based on the criteria set.

The information displayed under the Calculations tab varies depending on the Rule Type selected.

The following information is separated according to the Rule Type selected.

Permanent

Rule Type: Permanent

Sets Next Move Date to Permanent

Day And/Or Month

Rule Type: Day And/Or Month

Edit New Simple Management Rule
