

Installing TapeMaster

Installing the Software

The TapeTrack TapeMaster Software installs automatically via an InstallShield installer.

Locate the executable you downloaded, setup.exe, and double click to initiate the installation.

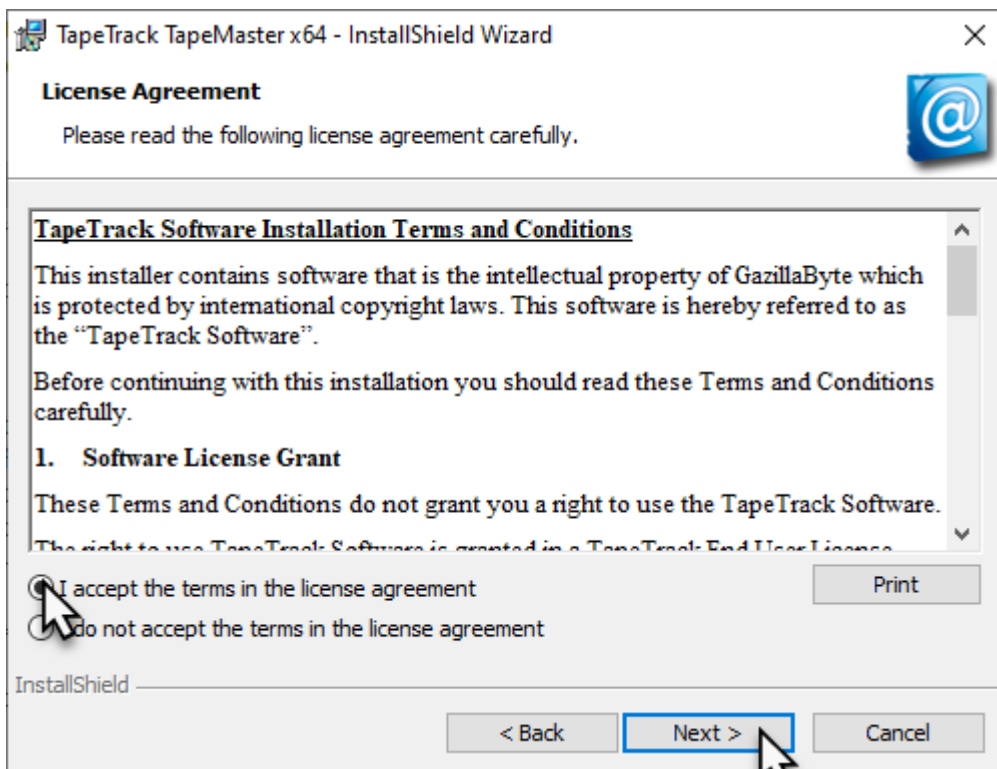

Click Next > to start the Install Shield Wizard.

After reading and agreeing to the License Agreement click I accept the terms in the

License agreement and Next > to proceed

Confirm the installation directory is correct, or click Change to select another installation directory. Click Next > to proceed.

Click Install to begin the installation

Click Finish to exit the installer.
