Desktop Login Options

Desktop Direct Access

Users can log directly into TapeTrack Desktop programs using a correct and active TapeTrack User-ID and Password.

To login directly you will need to create a User and password using the `Group/User Administration` window.

> If a User attempts to login to TapeTrack with an incorrect password for more than five times consecutively, the User-ID will have access revoked. To regain access you will need to reset the User-ID password.

Active Directory Access

Active Directory Group Access

Kerberos Single Sign On
