

# Move Volumes By Expiry Date

## Setting Expiry Date

Before a Volume can be moved using an expiry date, it needs to have one set. TapeMaster, by default, has all Volumes with an expiry date set to Permanent which is the equivalent of no move date.

There are several ways of assigning an expiry date to a Volume, either manually, via Syncs or using Simple Management tools.

### Manually

### Using Sync

### Using Simple Management Rules

## Marking Expired Volumes

## Moving Expired Volumes

## Reporting Moved Volumes
