

# List Storage History Reports

## Command Line Storage History Reports

`TMSS10ListStorageHistory` produces lists the storage history movements of [Volumes](#) for each [Repository](#) within a set date range.

Statistics included in the report include each [Repository's](#):

- [Repository](#) levels including low, high and average number of [Volumes](#).
- Number of [Volumes](#) moving into and out of the Repository
- Location of where the [Volumes](#) moved from or to.

## Examples

### Command Line Input - Text File

```
TMSS10ListStorageHistory -S user:-password@server -R *:* > report.txt
```

### Text File Output

```
