

# PDF Report Options

## Report Title Bar Color

The variable [TMSSPDFCOLOR](#) sets the report header to a custom color, determined by RGB Hexvalues (do not use the #).

Default

Red FF0000

Green 00FF00

Blue 0000FF

## Report Title Heading

The variable [TMSS10REPORTTITLE](#) sets the report header title to a custom value.

Default heading varies according to what report you execute. As an example TMSS10Inventory has a default heading of Inventory and a report-ID of 100.

Setting TMSS10REPORTTITLE100 to Customer 0001

Setting TMSS10REPORTTITLE100 to Customer 0001 Full Inventory

## Report Logo

Company logo can be added to reports using [TMSSPDFLOGOPATH](#).

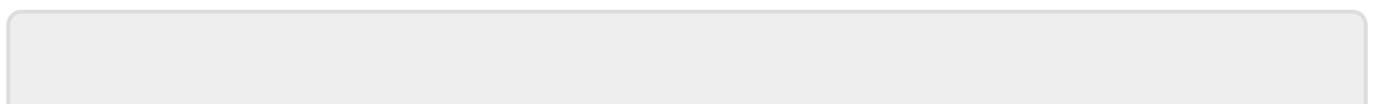

GazillaByte Logo, dimensions , format JPEG.

## Report Format

PDF reports can be created in either portrait or landscape format using [TMSSPDFORIENTATION](#). Using landscape allows the inclusion of extra columns without crowding the output.

Portrait

Landscape
