

Technical Note: Server Installer Variables

When the Windows version of the TapeTrack Server is installed a number of variables are created by the installer. These variables are used in the example scripts that are installed and can be used in user written scripts.

| Variable | Description |
|---------------|---|
| TMSS10DB | The path to the TapeTrack Database directory. |
| TMSS10BACK | The path to the TapeTrack backup directory. |
| TMSS10REPOSTS | The path to the TapeTrack Reports directory. |
