

# Technical Note: Server Installer Variables

When the Windows version of the TapeTrack Server is installed a number of variables are created by the installer. These variables are used in the example scripts that are installed and can be used in user written scripts.

Variable	Description
<a href="#">TMSS10DB</a>	The path to the TapeTrack Database directory.
<a href="#">TMSS10BACK</a>	The path to the TapeTrack backup directory.
<a href="#">TMSS10REPORTS</a>	The path to the TapeTrack Reports directory.
