

TapeTrack Version Information

Framework Server Version Information

Framework Server Version Information Via TapeMaster

Checking version information via the TapeMaster main menu:

- Login to TapeMaster
- Select File > Server Information

The version information is displayed under the field Server Details, Version in the form of a date.

The screenshot shows a window titled "Server Information" with a close button (X) in the top right corner. At the top center is a blue globe icon with a network cable plugged into it. Below this are four sections of information:

- Server Details:**
 - Owner: GazillaByte
 - Description: Production
 - Version: Monday, June 15, 2020 - 16:31:16
- Server Runtime Details:**
 - Process-ID: 1580
 - Current Time: Thursday, July 02, 2020 - 12:07:24
 - Start Time: Monday, June 29, 2020 - 14:58:27
 - Uptime: 2 Days, 21 hours, 8 minutes 57 seconds
- Current User Information:**
 - User-ID: tapemaster
 - User Name: Super User
 - User E-Mail:
- Server Details (Performance):**

Requests	72		
Bytes Sent	11,924	Compression	69,184
Bytes Received	2,112		569

Two progress bars are shown to the right of the performance data. The top bar is green and represents the 'Compression' value of 69,184. The bottom bar is also green and represents the 'Bytes Received' value of 569.

An "OK" button is located at the bottom right of the window.

Click OK or X to close the window.

Framework Server Version Information Via Command Prompt

Checking version information via a Command Line Prompt.

- Open a Command Prompt on the Server where TapeTrack Framework Server is installed.
- Enter the command `TMSS10Server -V`

The version information is displayed with a compile date and time.

```
C:\Users\gazillabyte>tmss10server -V
TapeTrack Framework Server. Compiled Jun 15 2020 @ 16:31:16
```

TapeMaster Version Information

Checking version information via the Menu:

- Login to TapeMaster
- Select Help > About TapeTrack TapeMaster from the main menu

The version information is displayed under the field Compiled in the form of a date.

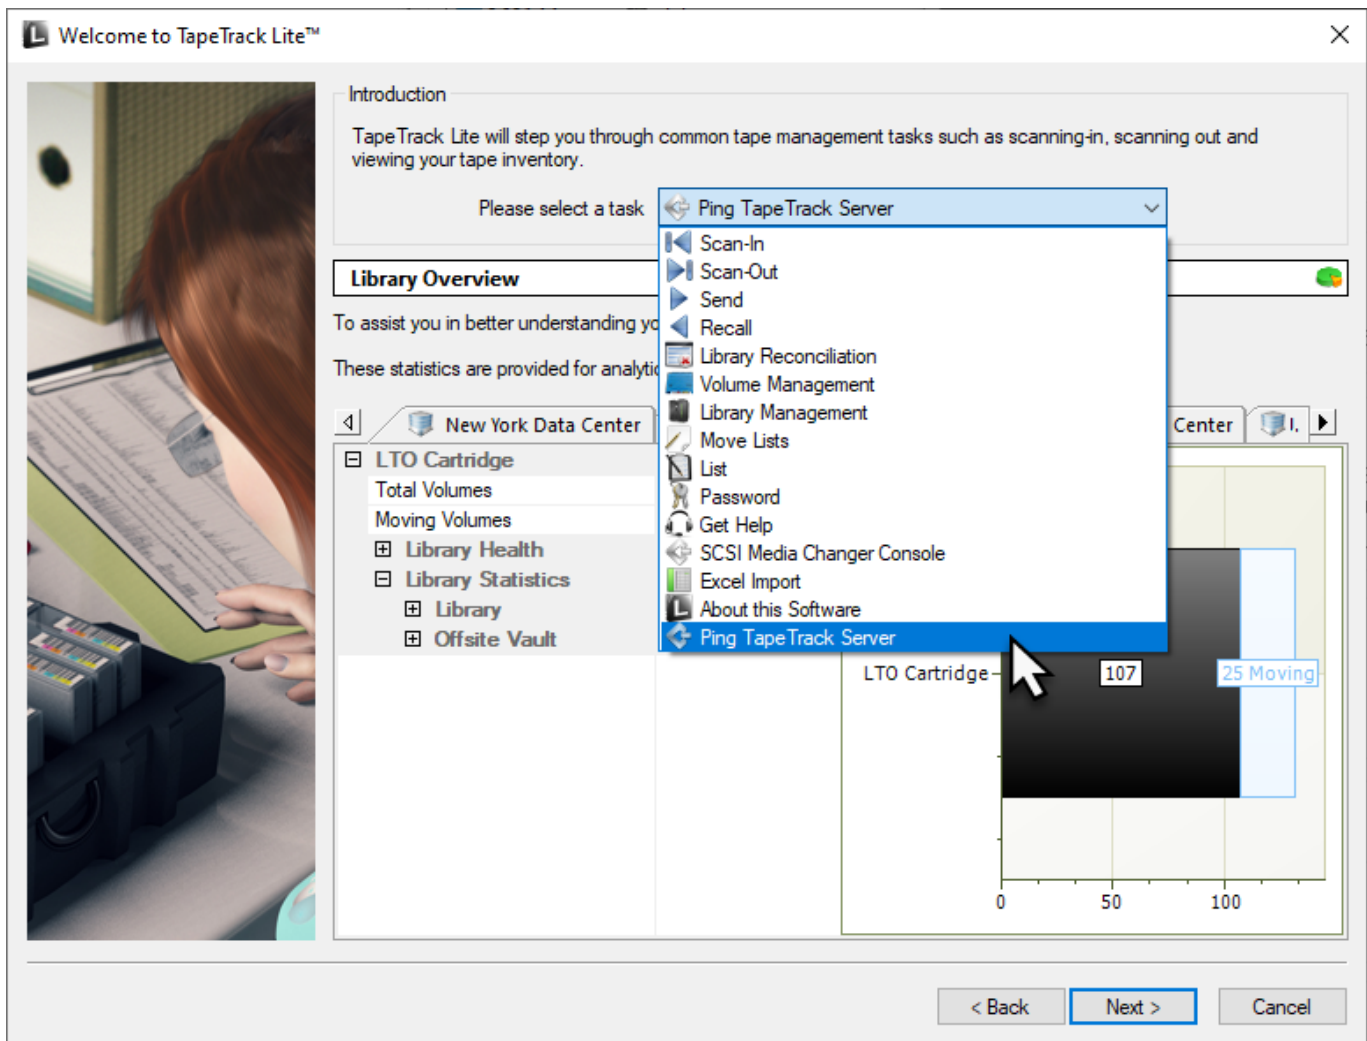

Click OK or X to close the window.

Server Utilities Version Information

Lite Version Information

Log into Lite and from the drop down menu select About This Software

The About TapeTrack Lite window displays

Checkpoint Version Information

TMSS10Sync Version Information
