2025/12/01 15:41 1/1 Troubleshooter: Slotting

## **Trouble Shooting Slotting**

The purpose of this troubleshooter is to diagnose why volumes in TapeTrack are not being slotted. To use the troubleshooter click on the appropriate yes or no button.

## Was slotting previously working?

Slotting is not enabled by default. There are several steps that need to be setup before slotting will occur automatically.

Was slotting previously setup?

## Was slotting setup to run automatically?

Slotting is usually setup to run automatically via Windows Scheduler or Crond, but sometimes people prefer to run it manually by running a script from the command line or double clicking on a bat file.

Was your slotting setup to run automatically?
